

Stormcats would like to wish all their customers and contacts a very Merry Christmas and a healthy and prosperous 2011. Starting in January 2011 we shall be sending out monthly newsletters like this with all the latest Stormcats news and offers. If you do not wish to be subscribed to this newsletter please [click here](#) and send us the return email and you will not be added to our mailing list. No need to write any text in the email. Thank you!

### **LATEST NEWS**

Stormcats has had a very busy twelve months with the launch of two new models in the summer, the Stormbreaker 710 Tourer and the StormCat 950 Explorer, the annual Tope fishing competitions which saw a record number of Tope caught and tagged and the opening of new boat storage facility - Surnaig Farm in the October, complete with a new wise trailer hoist and new slipway, with a chandlery shop opening in the spring of 2011.

**The StormCat 950 Explorer** is a leisure or commercial boat with a flybridge, galley and a four man berth, all designed with comfort in mind but with a careful eye on performance with a top speed of 37 knots.

The latest launch is the **Stormbreaker 710 Tourer** using a proven cathedral hull design of the Stormbreaker with the same strong handling abilities in rough weather. In response to customers needs we have added an "A" frame and canopy which means she can be used all year round. Performance has not been compromised with a speed of 44 knots. Stormcats is now an authorised Yamaha and Tohatsu dealer and can purchase engines, spare parts and carry out servicing at a competitive rate.

Looking to the future, 2011 will see the launch of our new model catamaran of 24 foot in the spring. On the site, Stormcats in conjunction with Surnaig farm completes the whole package offering a one acre walled storage area, 20 tonne boat hoist, and a chandlery shop to be opened in the spring.
