

NEWSLETTER - DECEMBER 2011

MERRY CHRISTMAS AND ALL THE BEST FOR 2012!

LATEST NEWS

A FULL StormCats Tope Hunter package headed for Norway last month. (Click on photos above for larger image). This 5.9 metre fishing boat was fitted with the latest model 70 hp from Yamaha, and it's a real cracker of an engine! The Tope Hunter is a good, versatile all purpose boat to suit both the angler and as a family boat and this ALL NEW model has clean lines and a full internal moulding which allows a very large front storage locker and gives shelter and excellent visibility of the approaching waves. It has two front seats behind the console and two moulded seats at the stern and there is also a moulded step forward for stepping aboard pontoons or harbours. The 5.9m could also easily be fitted with an "A Frame" and removable cuddy just in case you want to venture out on wilder days!! All electronics can be flush mounted and the dash is a wrap-around type which has a mounting area for clocks. , Like all StormCats boats, 'Tope Hunter' is structurally geared to our North Atlantic swells and unpredictable British weather conditions.

The photos right and left show our boat hoisting and storage facilities in action. These facilities have been upgraded this year to provide a new boat hoist and an upgraded, secure compound which can provide all year round storage for up to 60 boats. To download a copy of our price list and terms and conditions, including a booking form, please [click here](#)

StormCats has been busy using its fibreglass skills to manufacture fibreglass roofs, perfect for the wet and windy Islay weather. This month, Gus and the team have fibreglassed 3 flat roofs, completed a tailor-made project for one of the distilleries and have another 2 projects on the go. Click on the image on the right to see our work at the Islay Hotel, Port Ellen. StormCats has attended a "roof-it-all" fibreglass course to gain the expertise.

For more information contact Gus on [gus@stormcats.co.uk](mailto:gus@stormcats.co.uk) or visit the website <http://grp-stormroofs.co.uk/>

The following items can be purchased from our [NEW ONLINE CHANDLERY](#)  
Please order early if required in time for Christmas!

**Icom - IC-M411 - Combined DSC/VHF Marine Transceiver** The IC-M411 is a compact, waterproof VHF/DSC radio that is ideal for small boats or where space is at a premium. This model features a large speaker grille, which gives excellent audio quality. The buttons and display have been designed to be easy to see in poor lighting conditions. Price: £166 [CLICK HERE](#) to order online.

**Garmin GPSMAP-551** The GPSMAP 551 is a compact chartplotter that features an ultra-bright 5" QVGA colour display along with an improved high-speed digital design for increased map drawing and panning speeds. It's ready to go with an easy-to-use interface and a built-in, satellite-enhanced basemap preloaded with marine charts for the UK and Ireland. £510 only! [CLICK HERE](#) to order online.

**New McMurdo FASTFIND Satellite Personal Location Beacon (PLB).** Have you ever wondered what would happen if you fell over board and there was no-one to rescue you? The FASTFIND PLB provides confidence that when activated it will contact the world's professional search and rescue services directly. It does so by transmitting 2 signals simultaneously, one to the global 406 MHz satellite system and the other (121.5MHz) is a homing signal designed to speed up the local recovery response process. MAX RRP £349. STORMCATS CHRISTMAS SPECIAL £275. [CLICK HERE](#) to order online.
